ABOUT ME

I'm 34 and I'm a full stack web developer from Brisbane.
I love travelling and enjoy spending quality time with family and friends.
I love the challenge of solving technical problems.
If I don't know how to fix it, I'll figure it out and get it done.

EXPERIENCE

Senior Full Stack Developer

Orange Digital • Nov 2015 - Present

Full Time • Work in-house • Fortitude Valley, Brisbane

Work with clients, designers and marketers to deliver high quality websites for a variety of industry brands.

Developer and Director

Island Meets City • 2010 - Present

Casual • Work remotely • Based on the Sunshine Coast

Recently, my wife (a copywriter) and I (web developer) have merged our freelancing services and clients under this business. I provide technical assistance projects as needed.

Technical Consultant / Web Developer

San Juan Beach Corporation • Feb 2010 - Nov 2015

Casual • Worked remotely • Philippines

Provide technical support and review any technological proposals for multiple tourism resorts and hotels in the Philippines.

Network Services Internal Support/Java Developer
